

Steps to use the app

STEP 1: Go to NSE website- nseindia.com and click on “Market data” heading

STEP 2: Go to “Daily Market Reports” under market heading section

STEP 3: Type in Bhavcopy and choose the “Full Bhavcopy and Security Deliverable Data”. Download the file.

The screenshot shows the NSE (National Stock Exchange of India) website. The top navigation bar includes links for HOME, ABOUT, MARKET DATA, INVEST, LIST, TRADE, REGULATION, LEARN, and RESOURCES. The 'MARKET DATA' section is active, and the 'CAPITAL MARKET' sub-section is selected. Under 'CAPITAL MARKET', the 'Equities & SME' category is chosen. The 'Daily Reports' tab is active, and a search box contains the text 'bhavcopy'. A black arrow points to this search box. Below the search box, there are two sections: 'Reports for 15-Jun-2021' and 'Reports for 14-Jun-2021'. The 'Reports for 14-Jun-2021' section shows three files: 'Bhavcopy (PR)(zip)', 'Bhavcopy file (csv)', and 'Full Bhavcopy and Security Deliverable data'. The 'Full Bhavcopy and Security Deliverable data' file is highlighted with a red box, and a text label below it says 'Choose this file - "Full Bhavcopy and Security Deliverable data"'. The bottom of the page has a dark blue footer with links for 'FOR INVESTORS', 'FOR CORPORATES', and 'FOR MEMBERS'.

STEP 4: Drag and drop or browse open the file on app. You are good to go.

The screenshot shows the 'Analyze Daily BhavCopy' app interface. The app has a dark blue background with white text. The main heading is 'Analyze Daily BhavCopy', followed by the sub-heading 'Please go through the steps to know how to use the app'. Below this, there are three buttons: 'Go Through The Steps', 'Watch Tutorial Video', and 'Github Link'. The app also has a sidebar with links for 'Go Through The Steps', 'Watch Tutorial Video', and 'Github Link'. The 'About the app' section describes BhavCopy as a csv file that contains a summary of daily details of financial instruments, published daily on NSE website, used to analyze the market for that day. The app makes it easier, saving a lot of time in analyzing the BhavCopy with certain degree of customizability. The app interface also includes a section for 'The number of shares you want to see for each category' with a dropdown menu set to '5', and a section for 'Select the minimum turnover in crores' with a dropdown menu set to '100'. A file explorer window is open over the app, showing the 'Data Sci...' folder. The file explorer displays three files: 'jpynb_checkpoint', '12MAY2021', and 'bhavdata_full'. The 'bhavdata_full' file is selected, and the 'File name' field shows 'bhavdata_full'. The 'Open' button is highlighted.
